

## **Players who will need to pay a bond to enter the Singles League**

The following players will not be invited to play in future seasons of the Singles League due to withdrawing for a variety of reasons from previous or current seasons unless a security bond is paid in advance and held by the SLKPA. If the same player withdraws then the bond money will be forfeited to the League.

Player withdrawals throw the League into turmoil and chaos and unfair on the existing players who see it through.
